Technology and Transformation Presentation Assessment - 100 Point Summative

The 19th Century brought massive social, cultural and economic changes to York and our region. In this project you’ll be asked to research, analyze and demonstrate knowledge of the importance of these changes as well as their causes and legacies.

Research Requirements:
**Scope:** Early to mid-19th Century Maine and New Hampshire. Your topic should at least start here.

**Format:**
Can be a slide show, pre-recorded video or you can discuss a different option with me.

Research and analyze answers to all of the following;
1. **Contributing Events**
   a. Identify contributing events and changes that have led to this change/event.
2. **Impact**
   a. Who was impacted? Think about workers, consumers, investors, immigrants, etc…
   b. How were they impacted? Were there controversies?
3. **Legacies**
   a. Where can these changes, good or bad, still be seen in our area today?
   b. How has our region, people or culture been changed as a result of this transformation?

Individual Requirements for All Presentations:
   a. Include required information above.
   b. Include relevant pictures and visuals.
   c. Include at least (3) specific, cited pieces of supporting evidence, including at least one primary source document used to support your claims. (**Each person** is responsible for these specifics even if you’re working in a group).
   d. Include main ideas on slides large enough for others to follow along, but don’t read off your slides!

Research Options
**More than 1 person?** Groups of 2 or 3 should broaden the scope of their project by splitting the topic up into subtopics (Maybe view through different lenses: economic, social, consumer, gender, etc…) or through different regions or local examples.

- Independence! Maine’s Bid for Statehood
- The Abolition Movement in Maine
- The Ice Industry in Maine
- The 19th Century Fishing Industry in Maine
- The 19th Century Lumber Industry in Maine
- The 19th Century Textile Industry in Maine
- The 19th Century Shoe Industry in Maine
- The Aroostook War
- Maine’s Role in 19th Century Global Trade
- The Growth of Maine’s Shipyards
- Immigration and Backlash in 19th Century Maine
- Consumerism in 19th Century Maine (How was life changing for the Maine family with the development of corporations and factories).
- Women’s Rights in 19th Century Maine
- Other ideas? Talk to me.

**History A - Supporting Evidence** - Select and organize evidence from primary and secondary sources to support an historical interpretation or argument.

**History E - Causation** - Apply an understanding of causality, connections and significance to develop credible explanations of historical events based on reasoned interpretation of evidence.
